Erasmus Plan

Objectives

The following is the list of Erasmus Plan objectives linked to your accreditation. Please consider these objectives carefully when requesting your activities in the next section. Above all, you should make sure that the activities you request can contribute to achieving your Erasmus Plan objectives - this will be one of the key criteria for evaluating the implementation of your activities and your accreditation.

Objectives

Objective 1 : Développer la mobilité internationale pour les apprenants de la voie professionnelle.

Objective 2 : Accompagner les apprenants les plus fragiles vers la mobilité dans une logique inclusive (inclusion scolaire, géographique et sociale)

Objective 3 : Créer un sentiment de citoyenneté européenne autour de la thématique du développement durable

Objective 4 : Enrichir les compétences professionnelles des personnels par la mise en place de mobilités et de partenariats.

Activities

List of activities

How does the budget request work?: The figures that you provide here will be used in the scoring of your budget request and will serve as your targets for implementation. If the National Agency is not able to provide budget for all of the requested activities, the targets included in your grant agreement will be adjusted accordingly. At the end of the grant agreement, your results will be evaluated based on the agreed target figures. For this reason, it is very important to make the most realistic request possible.

At the same time, flexibility is an important feature of the accreditation system. During implementation, the actual number of participants and duration of activities can change. The key principle to keep in mind is that you should always make full use of the grant provided by your National Agency and that you should be able to explain your implementation decisions in relation to your Erasmus Plan objectives.

Please choose the types of activities you would like to implement in your project and complete the following table with the number of participants, duration and other information.

Before completing this table, make sure that you are familiar with rules of each activity type as presented in the Erasmus+ Programme Guide. It is best to complete the table with the Programme Guide open.

Activity type	Number of participants	Total duration (in days)	Average duration (in days)	Number of accompanying persons	Total duration (in days) for accompanying persons	Average duration (in days) for accompanying persons	Total number of persons taking part in preparatory visits
Group mobility of VET learners	15	75	5	2	10	5	0
Short-term learning mobility of VET learners	10	186	18,6	4	36	9	0
Job-shadowing	4	16	4	0	0	0	0
Total	29	277	9,55	6	46	7,67	0

For individual mobility activities of learners, you have requested a large number of accompanying persons compared to the number of participants. Please explain your request in order to enable your National Agency to decide if this number of accompanying persons is justified.

Our partners in Belgium and Spain requires an accompanying person with the learners for the duration of the learning mobility.

Activity details

Activity type	Number of participants	Number of participants with fewer opportunities	Number of participants in blended mobility activities	Number of persons using sustainable means of transport (green travel)	Number of participants in international activities
Group mobility of VET learners	15	0	0	0	0
Short-term learning mobility of VET learners	10	0	0	0	0
Job-shadowing	4	0	0	0	0
Total	29	0	0	0	0

Exceptional costs and inclusion support for participants

In this section you can request Exceptional costs and Inclusion support for participants. As opposed to standardised unit costs applicable for other types of costs, these budget categories are funded based on actual expenses. These non-standard costs require specific description and justification in order to be approved. Before making a request, please read the funding rules in the Programme Guide to make sure the type of expense you are requesting is eligible.

Cost type	Activity type	Estimated number of participants requiring support	Description and justification	Estimated cost (EUR)	Support rate (%)	Eligible amount (EUR)
Total				0,00		0,00

EU Values

The Erasmus+ programme's implementation, and therefore, the programme beneficiaries and the activities implemented under the programme, have to respect the EU values of respect for human dignity, freedom, democracy, equality, the rule of law and respect for human rights, including the rights of persons belonging to minorities, in full compliance with the values and rights enshrined in the EU Treaties and in the EU Charter of Fundamental Rights.

Article 2 of the TEU: The Union is founded on the values of respect for human dignity, freedom, democracy, equality, the rule of law and respect for human rights, including the rights of persons belonging to minorities. These values are common to the Member States in a society in which pluralism, non-discrimination, tolerance, justice, solidarity and equality between women and men prevail.

Article 21 of the EU Charter of Fundamental Rights: 1. Any discrimination based on any ground such as sex, race, colour, ethnic or social origin, genetic features, language, religion or belief, political or any other opinion, membership of a national minority, property, birth, disability, age or sexual orientation shall be prohibited. 2. Within the scope of application of the Treaties and without prejudice to any of their specific provisions, any discrimination on grounds of nationality shall be prohibited.

Subscribing to EU Values

I confirm that I, my organisation and the co-beneficiaries (where applicable) adhere to the EU values mentioned in Article 2 of the TEU and Article 21 of the EU Charter of Fundamental Rights
